Supporting Sport

We support the Canadian Wheelchair Sports Assoc. (CWSA) annually for their Rugby Championships and the Judy Zelman Award and highlighted this year's activity in conjunction with Defi Sportif in our last issue.

We have annually supported Wheelchair Basketball Canada as well through National Championships and CWBL events. This year, it was a special pleasure to be involved with as it was in conjunction with the Man in Motion 25th Anniversary Relay.

There were tons of events and Rick Hansen has not slowed down burning the candle at both ends of the day carrying the message of Spinal Cord Injury, Awareness, Rehabilitation, and Wheelchair Sport!

"Through Rick's leadership, the Foundation has leveraged the \$26 million raised during the original Tour to more than \$245 million in investments toward SCI research, rehabilitation and quality of life initiatives. Participating in sports draws people with disabilities into community and promotes emotional and physical health, while also encouraging communities to build accessible spaces and services for all to enjoy." www.RickHansen.com

They will once again raise money and awareness at this event for all the unfortunate dogs in need of rescuing.
